Recycling Program

In cooperation with the Upper Sabine Solid Waste Disposal District and as a service to our community, we have established a convenient *Recycling Center* just behind the fire station. We encourage you to join in this effort to make better use of our waste and reduce the burden on our landfills. Please follow the guidelines for each container as shown below.

Blue recycling bags are provided for your use (look in cooler).

1. **Newspapers**, includes magazines, catalogs, junk mail, copy paper, almost any kind of paper. Must be in recycle bags or securely tied in bundles.
2. **Plastics**, includes all #1 & #2 plastic such as: soda & water beverage bottles, milk jugs, bottles for bleach, cleaners, fluids, etc. (*look for recycle # on bottom of container*) NO PLASTIC BAGS and no Styrofoam. Must be in recycle bags or other large plastic bags.
3. **Steel Cans**, includes dog food, vegetable, soup, coffee, etc. Must be rinsed out and in recycle bags.
4. **Aluminum Cans** only. Please, no tin cans, foil, pie plates, etc. Must be in recycle bags.
5. **Cardboard**, includes beverage cartons, but not waxed cardboard. Must be flattened.
6. **Recycle Bags**, (located in blue cooler). Please take only one roll at a time (contains 20 bags & ties). These are approximately the same size as "tall kitchen" trash bags.

Please Note: We cannot take glass, egg cartons, plastic shopping bags, Styrofoam, or trash of any kind.

Please help keep the area clean by placing recycle materials inside bins and close the lid.
